PRICING REVISION II

Mr. Mario Stavale
McDonnell Douglas
4060 Lakewood Blvd.
Long Beach, CA 90808-1700

**RE: McDonnell Douglas
Torrance Facility
Transite Pipe Removal**

Dear Mr. Stavale:

CST Environmental, Inc. is pleased to submit our proposal for the removal and disposal of asbestos containing transite pipe from McDonnell Douglas, Torrance, California.

I. Scope of Work:

Contractor responsible for:

- A. Preparations of work area.
- B. Remove and dispose of approximately 4,150 linear feet of 8" x 10" transite pipe.
- C. Personal air samples.

Clarifications:

- A. Method of removal (procedure 5 conditions) utilizing labors in suits and respirator working in conjunction with excavator and backhoe operators.

Owner responsible for:

- A. Supplying electricity, parking and water.

CST ENVIRONMENTAL, INC

Contractor License #549566
DOSH #177
2100 East Via Burton Street
Anaheim, CA 92806
714/991-8300 FAX 714/991-8226

II. Procedures

Contractor is a certified asbestos abatement contractor in California, license #549566. All local, state and federal EPA and OSHA codes regarding removal and disposal of asbestos materials shall be strictly adhered to. Prior to commencement of work, the Owner and Contractor are to mutually agree upon project procedures as desired (phasing, set-up, scheduling, etc.).

III. Disposal

All asbestos containing material will be handled, transported and disposed of as non-friable class II waste per federal, state and local regulations to an EPA approved landfill. Owner is responsible for obtaining a generator's EPA I.D. number and a Hazardous Waste Tax Account number for transportation and disposal of the asbestos waste. The EPA I.D. number may be obtained from the Environmental Protection Agency at (916) 324-1781 and the Hazardous Waste Tax Account number may be obtained by calling (916) 323-9555.

Owner is responsible for providing a complete and accurate manifest for proper disposal of asbestos containing material. CST will assist in manifest preparation, but is not liable for any errors or inaccuracies.

IV. Scheduling

CST proposes completion of this project to be in fourteen (14) working days, barring down time and interruptions. A period of ten working days is necessary, after notice to proceed, to notify the appropriate regulatory agencies.

V. Pricing

Lump Sum Price per noted Scope of Work: \$47,000.00

This proposal may be withdrawn if not accepted within 30 days.

Mario, we wish to thank you for your consideration and look forward to working with you on this project. I assure you of the highest quality and service.

Sincerely,

Robert Espinosa
Business Development
